Resume - Skund Kumar

 Greater Noida   ✉ skund.kr@gmail.com   ✆ 8744026821   Linkedin   GitHub

Summary

Creative frontend developer skilled in **React, GSAP, and interactive design**. Experienced with video production tools and storytelling through **multimedia** web experiences.

Education

- **B.Tech.** (**Computer Science Engineering**) – pursuing (**Bennett University**, Greater Noida, India)   **2023 - 27**
- CGPA: 7.72 (currently in 5th Sem)

Experience

Open-Source Contributor, GSSOC   **July 2025 – Present**

- Open-Source Contributor for GirlScript Summer of Code (GSSOC) [2025]. Received a personal invitation from the RecodeHive organization's project administrator to contribute, based on recognition of prior open-source work and skills. Developed practical skills and gained a deep understanding of open-source development workflows, including version control (Git), issue tracking, and formal code review processes.

Frontend Intern, *Zonomo*   **May 2025 – July 2025**

- Led frontend development for a full-stack e-commerce platform using Next.js 14, TypeScript, and TailwindCSS. Built dynamic product, cart, and booking pages with responsive UI components and form validation using Zod and React Hook Form. Collaborated with backend engineers to integrate type-safe APIs (tRPC) and implement business logic across services. Contributed to Stripe checkout integration and CMS-driven content architecture using PayloadCMS.

Web Developer Intern, *SR Informatics*   **Jan 2025 – May 2025**

- Developed and launched SR Informatics' official website to showcase agency services and attract new clients.
- Created the official website for the **ICISN conference (hosted by Springer)** using Next.js, TailwindCSS, and GSAP; focused on smooth UX, performance, and dynamic content.   **Link: icisn.com**
- Built a responsive website for North Park restaurant (Japan) using React and TailwindCSS, featuring menu display, table reservation, and inquiry forms.   **Link: northparkgrp.com**

Multimedia and Design Head, **CodeChef | BU**, Greater Noida   **Aug 2024 – May 2025**

- Led a team of designers and developers to manage creative projects and maintain brand identity.
- Built the CodeChefBU web portal **using React.js, GSAP, and Lottie**, with dynamic UI components and performance optimizations.   **Link: codechef-seven.vercel.app**
- Developed an introduction site for the CodeChef BU Premier League Tech Event **using Next.js**.
                                    Link: cpl-20.vercel.app

Projects undertaken

Project Showcase Page   **Link: *Live Demo***

- Developed a single-page project showcase in ≈1 hour with **Next.js** and **Tailwind CSS** to serve as a technical appendix for my resume
